

Organisational Behaviour Assignment(HSHS2002)

❖ Answer Any **Three** Of The Following **Four** Questions

1. Case Study - Conflict in a Technical Project (Application-Based Question)

Scenario: Imagine you are leading a diverse team of engineers (Civil, Mechanical, CSE, and Electrical) working on a technical project.

- One of your team members, **Ravi**, is highly skilled but prefers to stay quiet during discussions. He often avoids group debates, even when his ideas could improve the project.
- Another team member, **Anjali**, is enthusiastic and outspoken but sometimes lacks technical accuracy. She frequently dominates conversations, interrupting others and pushing her ideas forward.

This conflict has created tension in the team, slowing project progress.

Questions:

- a) Identify the behavioral traits of **Ravi** and **Anjali** based on OB concepts.
- b) Explain what may be causing their behavior.
- c) As a team leader, suggest **three practical strategies** to resolve the conflict and improve teamwork.

2. Direct Answer Question (Concept-Based)

Question: Explain the **Cognitive Theory** in Organizational Behavior. How does it influence individual behavior in the workplace?

3. Behavioral Analysis Question (Tricky Question)

Question:

Imagine you are working in a manufacturing company where employees are constantly missing deadlines. Despite reminders and instructions, they fail to complete tasks on time.

Based on OB principles, suggest two possible behavioral reasons for this problem and propose solutions for each.

4. Company for Analysis: TATA Advanced Systems Limited (TASL)

Assignment Questions:

1. Organizational Culture and Leadership

- Describe TASL's organizational culture. How does it influence employee behavior?
- Identify the leadership style at TASL with examples.

2. Employee Behavior and Team Dynamics

- How does TASL manage teamwork in high-pressure aerospace and defense projects?
- Explain how TASL motivates employees despite demanding work conditions.

3. Conflict Management and Communication

- Describe a potential conflict in TASL's workspace and suggest an OB-based solution.
- What communication strategies does TASL follow for smooth coordination in sensitive projects?

4. Ethics and CSR

- How does TASL ensure ethical practices in defence projects?
- Mention any CSR initiatives undertaken by TASL.

Hints for Students:

- ❖ Focus on TASL's partnerships with **Lockheed Martin**, **Boeing**, and **ISRO** for teamwork insights.
- ❖ Explore its role in the **Make in India** initiative for leadership and organizational culture references.

INSTRUCTIONS:-

- ❖ For the above questions hints are provided, please do clearly mention the answers with supporting examples
- ❖ Questions are very easy and situation based, answer them accordingly.
- ❖ Please do submit the assignment on or before 17/03/2025 to avoid any kind of issues.
